

Spring/Summer Information for Schools 2019

A new year is upon us and we have a lot to be excited about in 2019. Not only do we have a fantastic new site at Marquis Drive, Cannock Chase, we also have so many wonderful woodland experiences to offer your amazing children!

Teddy Bears Picnic EYFS

Venture through our magical woodland looking for the Tanglewood Teddies! A beautiful half day of story telling and fun activities based on how woodland animals survive.

Key concepts: Imagination, speaking and listening, creativity, social skills and understanding of the natural world

Enchanted Forest EYFS/KS1

Our most popular programme. Did you know Tanglewood has magical fairies and dragons? Come and search our woodland for a very cheeky dragon called Norris, build fairy houses and meet the Bogats! For a full day enjoy stories, songs and toasting marshmallows around a campfire. A perfect day to watch those little imaginations grow.

Key concepts: Imagination, speaking/listening, creativity, social skills and understanding of the natural world.

Nature Detectives KS1

After a short presentation on wildlife and trees, go on a woodland adventure using all of your senses. A great programme for introducing the children to new surroundings. We will hunt for minibeasts, create animal homes and play games.

Key concepts: Habitats, identification, camouflage, adaptations, trees, plants and animals, senses

Hello to Habitats! KS1

After a woodland habitat presentation, venture through our woods identifying trees, plants and animal signs. The children will discover habitats, learn about food chains and germination and enjoy the art of minibeast hunting. After lunch we continue to delve in to the world of habitats with some fun seasonal activities.

Pond dipping available at certain sites, please enquire.

Key concepts: Habitats, germination, trees, identification, care of the environment, food chains, hibernation

Natures Palette EYFS/KS1/KS2

This programme is all about art — outside art! We venture in to the woods, get inspired and create some amazing natural masterpieces for your school. You will be amazed at how imaginative the children become and what we achieve individually and as a group.

Key concepts: Imagination, art and design, speaking and listening, creativity, social skills and understanding of the natural world

Spring/Summer Information for Schools 2019

Forest Survival KS2

Have you got what it takes to survive in the woods? Complete a series of challenges including den building, fire lighting and some hidden surprises! Team work at its best!

Key concepts: Survival, teamwork, problem solving, communication skills, co-operation

Stone Age KS2

Step back in time to the Stone Age and discover how life used to be. Create your own tribe and learn how to be a "hunter gatherer". Build a temporary shelter, forage for food...lets hope it isn't poisonous, stalk a sabre tooth cat, learn how to create fire and much, much more.

Key concepts: Survival, teamwork, problem solving, communication skills, co-operation, materials, habitats

Tanglewood Rocks! KS2

Discover how the soil and rocks of our woodlands affect how trees and plants survive. Learn about the uses of tree and rock products and the ways in which the ground beneath benefits us in everyday life. Activities also include creating your very own plaster cast fossil to take home with you.

Key concepts: Habitats, soils, rocks and fossils, wood products, forest cycle, materials

Habitat Heroes! KS2

Explore our woodland or heathland habitat (site specific) and take an in-depth look at the flora and fauna and their adaptations, food chains and photosynthesis together with the uses and threats to the habitats today. Who will be the superhero survivors that have stood the test of time?

Key concepts: Habitats, germination, photosynthesis, growth, materials, care of environment, sustainability

Shake off SATS! KS2

This day is all about end of term fresh air and fun! The children have worked so hard, now its time to shake it off and get "Tangled!" A fun packed day full of games, challenges and team work. SATS....what SATS?

Key concepts: Fun, exercise, teamwork, communication and shaking off SATS!

Tangle up! If you see 2 separate activities you like the look of, let us know and we can create a day that suits your requirements.

Art and habitats or archery and minibests! The choice is yours!

All our programmes can be a half or full day.

TANGLEWOOD TIMES – LATEST NEWS!

Tanglewood branches out to the Staffordshire Moorlands and beyond!

Already with woodlands at Cannock Chase and Tissington, Derbyshire, we are so excited to now offer our amazing programmes at 2 stunning sites in North Staffordshire and the Peak District. For EYFS and KS1, come along to beautiful Rudyard Lake and for KS2, what a treat we have for you...A “Peak Explorer” day at Back Dane, near Wincle.

Rudyard Lake is set in a stunning wooded valley hidden between Leek and Macclesfield while Back Dane is a retreat on the western edge of the Roaches. We are so lucky and privileged to be able to offer our programmes at these beautiful locations, each with fantastic facilities. For more information do get in touch.

Tanglewood for Teachers—Outdoor Learning days

As advocates of outdoor learning we thought, wouldn't it be great to pass our knowledge and ideas on to schools and teachers with similar views? Forest schools is not a requirement to teach outside. You don't need a fire circle, a wood or acres of open space.....willingness and enthusiasm to move the curriculum out of the classroom? Now that is key! Our half or full day courses can give you and your colleagues the confidence and know-how to bring the outdoors in to every day school life with very little resources.

These courses are designed specifically to your needs and take place at our Cannock Chase site.

Half day £30 per adult Full day £50 per adult.

If you are part of a cluster group or academy then why not create a bespoke day just for you? Please get in touch to find out more.

Don't forget! We also offer forest school sessions, outreach activities and after school clubs at your school. To discover more please visit our website or request a brochure.
